

2022 Data Walk

A Data Walk is a means of sharing data and research findings with the community. It brings together stakeholders from a variety of organizations to jointly review data presentations, interpret what the data means, and collaborate to use their individual expertise to improve policies, programs, and other factors of community change.

UNIQUE, LOCALLY FOCUSED AND UPDATED DATA SETS

- ✓ Labour Market Trends during COVID-19
- ✓ Sector Specific Trends in Durham
- ✓ Impact of COVID-19 on Populations
- ✓ Other Locally Relevant Data
